VOLUME 4. MARYVILLE, MISSOURI, THURSDAY, AUG. 7, 1913. NO. 56.

## NO ARRESTS MADE

EMANCIPATION DAY WAS CELEBRATED WITHOUT SINGLE RIPPLE

## DANCE A BIG SUCCESS

**Were Loth to Quit Tripping the Light Fantastic at Midnight—Concerts Were Good.**

A celebration without an arrest. This unusual record was made yesterday at the Emancipation Day celebration. The crowd was probably the most orderly one that ever gathered in Maryville. The day was a success in every way.

A large crowd listened to the speeches of Hon. Nelson C. Crews and Dr. M. O. Ricketts in the courthouse yard in the afternoon. The program, speeches, readings and band music lasted nearly all afternoon. The ball game between the Black Wonders and the Owls also drew a large attendance. The colored team showed itself to be the superior by taking the game from the Owls by a score of 11 to 5.

And, of course, the dance was a success. It always is. Some of the most graceful and prettiest dancing in Maryville is to been at this annual ball. The dancers were loth to leave the hall when it was closed at midnight.

Nor must the evening program be passed without mention of the concert given by the Maryville Concert band. In selection of numbers and playing it was one of the best concerts the band has ever given here.

### SLEEPY HEADED MORNINGS?

**Changes From Excessive Heat to Coolness Takes Ginger Out of Folks.**

Fellow, whose heels when he comes down in the morning, generally go pitty-pat, pitty-pitty-pat, ambled down the street like the creeping paralysis was getting him. He was half an hour late to work and the sleep was mostly still blearing to his eyes. His "pepper" was conspicuous by its absence.

Little later in the morning, 'bout 10 o'clock a lawyer stopped in his dictation and yawned. Then he yawned twice more. "Yeow-a-ah-ah," he murmured, "don't believe, Mary—yeow-eow-ah-ah-ah—I'll write any more letters this morning, I'm too tired. Yeow-ah-ah."

A doctor stooping to crank his car, stopped in the blistering sun to shut his eyes, open his mouth and omit a terrific yawn.

Young lady, all starched and powdered and cool looking, was waiting on a customer in a dry godos store. She stopped in the middle of showing a bolt of dress goods. "Ha-ha-yeow-ah-ah," she said, and murmured behind her hand, "excuse me, please, but —yeow-ah-ha-ha—I'm so sleepy. I don't know what's the matter. I just can't help it. Yeow-ah-hum."

But the lady didn't excuse her. She couldn't. She was doing it, too.

The reporter was scared. His own head contained a choice collection of drowsiness. Was the sleep-ing sickness sneaking on Shenandoah?

So he asked the doctor. The doctor yawned once, then again, and then explained. It's nothing to be scared about.

If you get up sleepy and weary legged in the morning, and you feel drowsy, and lifeless and enervated—you aren't going to be sick.

It's merely the weather. The changes from excessively hot to cool days, the hot nights and cool nights, hot mornings and cool mornings, hot and cool days, in rapid succession bring this effect upon you. You don't any more than get used to one brand of climate and get your system acclimated than along comes another. Nature doesn't like it. She rebels. And a desire to sleep and let things go hang is the way she shows it.

### NOT ENOUGH COACHES.

**Train Service in and Out of Maryville Was Poor Wednesday and Thursday.**

The State Normal students leaving Maryville Wednesday and Thursday at the close of the summer term, together with the colored celebration, which brought at least three car loads of colored people and about 200 white people from towns around, has taxed the train service on both Wabash and Burlington railroads over the straining point.

Agent Goforth of the Burlington and Agent Ferritor of the Wabash telegraphed the need of more coaches into headquarters, especially for Wednesday, but only two extra coaches were sent for by each road, and one only for the Burlington Thursday morning.

The 9:47 Wabash train last Wednesday night could not carry the baggage, as the baggage coach was pressed into service for a passenger coach and was packed with its standing-up human baggage, while the aisles of the day coaches and sleeper were filled with people. The train was held some twenty minutes to let the people on.

This explanation is due the agents at Maryville. It is evident their order for extra coaches was thought more than needed, owing to the immense amount of travel these days in touring cars, which is said to be sadly demoralizing the railway travel.

But there are a lot of folks beside colored folks who haven't automobiles and must depend on the trains for travel service, and it is hoped Maryville will meet such a shortage again in this respect. Fully 100 more people than there were seats for were on the Burlington train Thursday morning.

### PAPERS BEST AD MEDIUM.

**Result of Canvass of National Space Buyers.**

At Evansville, Ind., lively discussion has been going on for some weeks among a number of merchants and manufacturers as to which was the most economical method of advertising. On being named to investigate the matter, J. S. Oliver, advertising manager of the Evansville Brewing association, wrote to twenty of the most prominent national advertisers in the United States and asked them what publicity mediums, in their estimation, were the most valuable—newspapers, billboards, painted walls, street cars or direct circulars?

Nineteen of the twenty named newspapers without hesitation, and a number went so far as to recite their experiences in detail and named the reasons for their conclusion. One firm had been a persistent and successful advertiser for thirty years. Practically all of them manufacture articles that have long been household words throughout the whole country and who have had sufficient practical experience to qualify them as capable judges.

This disclosure has influenced the Evansville Brewing association to appropriate a considerable sum to be expended for newspaper advertising.

**Train Fires Wheat Field.**

Sparks from the Burlington passenger train set fire to a wheat field of George Forts, who lives south of Barnard, about 8 o'clock Wednesday night. The wheat had been blown down earlier in the summer by a storm, and, instead of binding it, Mr. Forts had mowed it as he would hay and left it lying on the ground until it could be threshed.

The fire spread rapidly, and the whole field was in danger. A new separator was standing in the field, and it was thought that it would be destroyed. Mr. Forts lost a separator by fire a few weeks ago. Neighbors and people from Barnard saw the fire and hurried to it in buggies and autos. They succeeded in putting it out before it had reached the separator, but three acres of grain was burned.

Mrs. F. H. Stone of Waterman, Ill., who has been visiting Maryville friends for some time, went to Gaynor Thursday to visit Mrs. George Negus.

Dr. K. C. Cummins went to McFall Thursday, where he was called in consultation.

Mrs. Samuel Jones of Burlington Junction came to Maryville Thursday to visit Mr. and Mrs. W. W. Jones.

Leo Auffert left this week for a few weeks' visit with relatives at Celestine, Ind.

Mr. and Mrs. Samuel Comer went to St. Joseph Thursday morning on a visit.

Mr. and Mrs. P. M. Taylor went to Barnard Thursday morning to attend the picnic.

Mr. and Mrs. Lee Brown of Tarkio went to Hopkins Wednesday to visit Mr. Brown's father, J. C. Brown.

## SMALL SIZED CITY

**100 FAMILIES TO MAKE TEMPORARY HOME AT PARK.**

## LIGHTS TO BE A FEATURE

**More Lights This Year Than Ever Before—Busy Putting On the Finishing Touches.**

The Chautauqua grounds are being put in order for the assembly, which begins Saturday; the campers' tents are up, and one hundred families and clubs will begin moving to their canvas homes tomorrow.

The grounds are being put in the best possible condition for the convenience of the Chautauqua goers. More electric lights are being put over the grounds than ever before, and there will not be a portion of the grounds which are not well lighted. That part of the grounds on the north side which is reserved for the parking of motor cars is being thoroughly raked and cleaned to guard against the danger of tire puncture.

The work of building the seats and platform and of installing the lights in the big tent is still going on. The tent will be under the personal care of Mr. Parker this year. Mr. Parker is the city salesman for the Baker & Lockwood people in Kansas City. He is their most experienced tent man, but has been too busy in Kansas City the last year or two to go out with tents. He has come here to look after the big tent as a personal favor to Manager Landon.

And while at Chautauqua feel free to use The Democrat-Forum's rest tent. It will be in the same location it had last year, the first tent north of Reuillard's restaurant tent. The Democrat-Forum has this tent there each year for the use of the public. Chairs, a writing table, stationery, the Hanamo and Farmers phones will be there for the use of everybody.

### BIG TENT MEETING CLOSED.

**Sunday Was the Last Day at Skidmore Meeting and There Were 102 Conversions.**

The big union tent meeting at Skidmore, representing the M. E. church, the M. E. church, South, and the Christian church, and conducted by Evangelist Hankins and Prof. Howey, closed Sunday night. The meeting lasted three weeks, and during that time there were 102 conversions, and all signified a desire to join some church. On Sunday the greatest Sunday schools of the three churches in Skidmore met together in a great union Sunday school. There were 460 in attendance.

Evangelist Hankins and Prof. Howey left Skidmore Monday for Coin, Ia., where they will have a big tent meeting, commencing a week from Monday.

**Busy Recording Grades.**

The office force of the Normal is busy today recording the grades made by the summer term students. A good part of the grades will be sent to the state superintendent, who records them as approved grades. As a whole, the grades made at the summer term were good, only a small per cent failing.

**On Trip to Chicago.**

Dan Holmes of Kansas City, who is spending his two weeks' vacation in Maryville with his parents, left for Chicago Wednesday on a two weeks' business trip.

**Threshing Wheat.**

Al Kent, living five miles south of [illegible], threshed out 2,309 bushels of wheat and 730 bushels of oats. The threshing was done by Milt Balem.

Miss Minnie Coulter of Arkoe was shopping in Maryville Wednesday. She was accompanied by Miss Alice Hastings and Miss Jessie Macumber of Omaha, who are visiting at her home.

Fred and John Thompson and Miss Agnes Thompson went to Barnard Wednesday evening to visit until after the annual picnic with Mrs. George Thompson.

Miss Kate Farnan returned home Sunday from St. Joseph, where she spent an enjoyable week as the guest of Misses Ella Dolan and Frances Corcoran.

H. H. Martin was accompanied by Mrs. Martin and daughter to Corning, Ia., on a business trip Wednesday. They will be guests of Mr. and Mrs. John Leonard.

George B. Baker went to St. Joseph Wednesday afternoon to attend the meeting of the board of managers of state hospital No. 2.

### MONEY FOR WHEAT.

**Hopkins Dealers Paying Large Sums to Farmers—Big Yields and Two-Thirds of Crop Yet to Harvest.**

Bank accounts are growing in Hopkins. The Wolfers Mercantile company of that place has already paid more than $40,000 to the farmers around there for wheat. The two other buyers, Charles Bebout and William Wells, are also purchasing large quantities of grain. Fifty car loads of grain have been shipped from the town, hundreds of bushels of it are stored in the elevators and granaries, and only one-third of the crop has been threshed. Prosperity is not likely to be a stranger there this year.

The figures given by the local men there for the cost of growing the wheat range from $7 to $15. The state bulletin on wheat gives an estimate of $12 as a fair average cost. With wheat selling at 75c per bushel and the yield running from 25 to 50 bushels per acre it is easy to see the Hopkins farmers are swelling these bank accounts.

The oat crop is turning out equally as well as the wheat.

### WELTON ON PLATFORM.

**Skidmore Minister Filling Chautauqua Engagements This Month.**

Rev. W. H. Welton of Skidmore is making himself a most desirable Chautauqua speaker, as he has several dates at old Chautauquas, where the people know what is what.

He will speak on Wednesday, August 13, at Wathena, Kan., on the subject, "Why Not Be a Man," and again on the 14th, taking the place of Dr. Frank E. Day, who is in Europe and will not return in time to keep this engagement.

Rev. Walton is also engaged for an address at the Oregon Chautauqua on Patriotic Day, August 17, on the subject, "The Last Ditch." This is what Rev. Welton calls his Gettysburg dispatch. He participated in that battle and can speak from experience as well as from a historical standpoint.

Rev. Welton is an impressive speaker, cultured, elegant and earnest in manner and expression, and not a word or sentence will fall from his lips for the love of applause, but they will be spoken from honest conviction in better ways of thinking and doing.

**Will Leave Maryville.**

Mrs. L. J. Lash, who has been making her home in Maryville while her son, Leo Lash, attended the high school, went to Rosendale Wednesday evening, which is her former home. Mrs. Lash has sold her residence at 548 West Second street, to Mrs. M. M. Osborne, and will spend some time visiting her sons, Dr. C. D. Lash of St. Louis and Dr. O. U. Lash of Moberly. Leo Lash will enter the veterinary college of Kansas City in September and will return to Maryville later to finish two subjects in high school.

**Will Move to Maryville.**

Mrs. Hattie Hogue and Miss Myrtle Hogue of Stanberry have taken rooms with Mr. and Mrs. George Reynolds, on West Second street, and will move to Maryville at the opening of the State Normal school, when Miss Hogue will begin study there. They were in Maryville Thursday morning on their way home from northwest of Pickering, where they were called last week by the illness of Mrs. Hogue's mother, Mrs. Julia Hart, who makes her home with Mrs. J. H. Carmichael. Mrs. Hart is much better now.

**Has Government Position.**

Ross O. Miller, son of J. M. Miller, who lives near Graham, began work August 1 with the U. S. weather bureau at Wichita, Kan. Mr. Miller took civil service examination in April, and received his appointment as assistant observer of the weather bureau last week. He is well known in Maryville, having spent several years here as a student in the Normal. He was graduated in the class of 1910.

**Will Teach at Woodbine.**

Misses Laura and Birdie Ozenberger of St. Joseph, who have just finished their work at the State Normal, left for their home Wednesday evening. Miss Laura will be principal and Miss Birdie primary teacher of the Woodbine school, a suburb of St. Joseph, the coming year.

**On Vacation Visit.**

Professor and Mrs. E. L. Harrington and son left Wednesday evening for a vacation visit with their parents, Mr. and Mrs. C. P. Robbins of Breckenridge and Mr. and Mrs. H. Harrington of Bucklin, Mo. They will be gone until about the 15th of September.

Mrs. W. C. Dye, who was called to Maryville by the death of Mr. John Bantz, returned to her home in Trenton, Mo., Wednesday evening.

Mrs. Louis Remele of Clyde was a Maryville visitor Wednesday.

## NEW DAM AT RIVER

**WORK ON STRUCTURE WILL BEGIN NEXT MONDAY.**

## TO BE MADE OF CONCRETE

**City Engineer Flynt Will Superintend Work, Which Will Cost About $2,000—Better Water.**

A new dam at the city water plant at the river will be constructed within the near future. At least, work on the structure will start on Monday and will be in charge of City Engineer Flynt.

The dam is to be a concrete structure and also a gravity dam. It will be two feet wide at the top and at the bottom it will be nine feet or more, depending on the depth. The height will be probably from twelve to fifteen feet, and there will be two sluice gates so that when the river is up the mud and other trash can be let out through these gates. The dam will be constructed thirty feet below the present one in the river.

The cost of the work will be about $3,000, and a force of five or six men will be kept busily at work for some time. Mr. Flynt will make Saturday a test of the soundings of sand for the foundation of the dam.

The boilers for the water plant are expected to be here this week. Mr. Martin of the Mertle-Hines Co. of Kansas City, the company having the contract for the boilers and the work, is in the city, making arrangements to start on the work as soon as the boilers arrive. Mr. Hines of the company is expected to be here Friday, so as to make plans for the new pumps to be installed at the plant.

### SUES TOM WORKMAN.

**William Wallace Asks For $860 Expenses in Making New Loan.**

A suit for $860 to be tried in the September term of circuit court was filed with Circuit Clerk Rathbun Thursday morning by Cook, Cummins & Dawson, attorneys for William Wallace, the plaintiff. Thomas Workman is the defendant in the case, and, according to the petition, the defendant made many requests of the plaintiff to pay off a $15,000 note before it was due, saying that he was hard up and needed the money. The petition states that the plaintiff paid off the loan before it was due, and was at an expense of $860 in making a new loan.

### 105 AT 2 O'CLOCK.

**Today is a Hot Day and Temperature Will Probably Again Go Up to 108.**

At 2 o'clock this afternoon the government thermometer registered 105, and the chances are that the 108 mark will be reached before the afternoon is over. The day is very hot and the winds are hot. No rain is yet in sight, according to the forecast, and unless rain comes soon the corn crop will be greatly damaged.

**State Examinations at Normal.**

G. H. Reavis, state high school inspector, is here from Jefferson City today, conducting the state teachers' examinations at the Normal.

**Operated On at St. Francis.**

Mrs. J. A. Murphy was taken to St. Francis hospital Wednesday night and operated on for gall stones and appendicitis.

**Picnic Opened Today.**

The Barnard picnic opened today with big crowds. The indications are that it will be the best picnic, especially in regard to attendance, ever held there. A ball game, music, speaking, plenty to eat and drink and a general good time are keeping the picnickers busy.

**Called by Sister's Illness.**

Miss Anna Sillers of Fairfax, who has been attending the State Normal, was called to Hoxie, Kan., Wednesday evening by the illness of her sister, Mrs. A. N. Barker.

Philip Colbert and Vern Pickens went to Clarinda, Ia., this morning to spend the week as the guests of Miss Dorris Richardson.

Francis Hunt, Jr., went to Barnard Wednesday evening to visit Mrs. G. H. Hargraves and family.

Miss Ina Hollowell returned Tuesday from a month's visit with Miss Blanche Barley of Washington, Kan.

Mr. and Mrs. Mike McGettigan and Mr. and Mrs. Jim Huls of near Clearmont were in the city Wednesday.

Mrs. Ed Brown of Hopkins was shopping in Maryville Thursday.

### SHELLENBARGAR HERE.

**Former Governor of Nebraska Visited in Maryville While On His Way to Stanberry.**

Ex-Governor A. C. Shellenbargar of Alma, Neb., spent Wednesday night in Maryville as the guest of C. D. Bellows. Mr. Shellenbargar had delivered an address at the Albany Chautauqua on Wednesday afternoon and decided to come to Maryville to visit with Mr. Bellows, whom he has known for some time.

Mr. Shellenbargar addressed the Chautauqua at Stanberry this, Thursday, afternoon, and a party composed of Harold Bellows, C. D. Bellows, Mrs. George P. Bellows, Mrs. J. G. Honnold and Mary Josephine Honnold of Chicago accompanied the ex-governor to that place in the Bellows car.

### WILL TEACH TELEGRAPHY.

**Maryville Business College Again Offers Popular Course to Its Patrons.**

With the opening of the new school year, on September 2, Mr. C. H. McReynolds, for six or seven years an operator with the Wabash, Burlington and Great Western railroads, will become a member of the Business college faculty, and the click of the telegraph will mingle with the click of the typewriter. The college formerly taught telegraphy, and scores of her students went immediately into splendid positions. Lester Sipes, with the Burlington, and Otho Robey, with the Wabash, both attended the school, as did several of the operators and agents in Northwest Missouri. Mr. McReynolds is expected to arrive in the city next week.

C. H. M'REYNOLDS.

### JUVENILE COURT LAW.

**State Board of Charities and Corrections Interested in the New Law.**

A most important step in the process of establishing juvenile courts in all the counties of the state was taken Wednesday at Columbia by the state board of charities and corrections, which has mailed to various probate judges of the state extensive information blanks covering the qualifications of probation officers appointed by them as judges of juvenile courts. This information is being collected as a result of action taken at a meeting of the board July 31. It has been decided to base the approval or rejection of appointments of probation officers, which is provided for under the new law, upon this information and upon the attitude of local communities as indicated by endorsement or protest. This method is made necessary since funds are not available for personal investigation of the fitness of applicants.

The board has expressed its hearty sympathy with the new juvenile court law and intends to perform its duties under the law regardless of action which may be taken to test the constitutionality of the measure. A third of the counties of the state have already organized juvenile courts and reported appointments of probation officers and some of the new juvenile courts have discovered unusual conditions of delinquency and neglect among children in their communities. Should the law be found constitutional and be put in operation in all counties, Missouri will have one of the leading juvenile court systems of the United States, and even of the world. Approximately 4,155 cases of neglect and delinquency were handled by the six juvenile courts already in existence in the state last year, and it is expected that the work of the rural courts will compare favorably with that of the larger centers.

Mr. and Mrs. B. F. Dougan and daughter went to Excelsior Springs Thursday morning to spend two or three weeks.

Mrs. W. A. Swinford and daughter and Miss Edith Felker of Guilford spent Wednesday in Maryville.

**John Bunny tonight. Fern.**

## HAS BIGGEST HOG

**NODAWAY COUNTY HAS ANOTHER FEATHER IN HER CAP.**

## HE IS A WONDER'S EQUAL

**Two-Year-Old Poland-China of W. W. Oliver, Near Guilford, at Sunnyside Farm—Weighs 700.**

The biggest hog in the state of Missouri or in the corn belt lives in Nodaway county.

He is "A Wonder's Equal," at Sunnyside Farm, six miles southeast of Guilford, of which W. W. Oliver is owner and proprietor. Mr. Oliver is a very successful Poland-China fancier, as his raising of A Wonder's Equal attests. This hog was bred by Henry Fessenmeyer of Clarinda, Ia., the owner of the great hog, A Wonder. Those who have seen A Wonder's Equal at Sunnyside Farm say he is the equal of A Wonder and then a good deal more, because he is going to make a much better hog, it is thought.

He weighs 700 pounds, is 89 inches long, and is 39½ inches high, 5 inches higher than the ordinary kerosene barrel. The small part of his leg is 17 inches in circumference.

A Wonder's Equal is decidedly good natured and friendly. He has taken to himself a tiny friend in the way of the pet dog of the Oliver family. The dog is just a common little "fiste," named Penny. In some way he and A Wonder's Equal have become the best of friends. Penny goes out in the hog lot whenever he wants to, jumps onto the high, broad back of his friend, and rides all around without fear of hindrance from the other hogs. He enjoys the ride very much and indulges himself to his heart's content.

### WILL WIDEN ROAD.

**At Least, a Survey Will Be Made Near Burlington Junction—Other Court News.**

The county court instructed County Highway Engineer Clary to make a survey of the proposed widening of the part of the public road west of Burlington Junction, near the Walter farm. He is to make his report at the next term. There is a rough angle turn at the Walter farm which needs to be widened and put in safer condition.

The court appointed J. B. Thompson justice of the peace of Hopkins township, and made its semi-annual settlement with County Treasurer Tilson.

James D. King was also appointed as justice of the peace of Hopkins township by the court.

**Mr. Garver Will Speak Here.**

W. L. Garver, national organizer of the Socialist party, will speak in Maryville this evening in the court house yard.

**To Teach at Unity School.**

Miss Bess Carmichael has been engaged to teach at the Unity school, three miles east of Hopkins, the coming school year.

**Illinois Visitor Leaves.**

Warren Egger of Pekin, Ill., who has been visiting Mrs. John White, northwest of Maryville, left for his home Thursday.

**Bass Hits.**

"What have you in the very latest song hits?" asked the girl, as she bowed to the clerk in the music store.

"Well," replied the clerk, "we have 'On the Smoke Kissed Hills of Pittsburgh, Near a Whale of a Pennsylvania Mine,' 'In the Streets of Lowell, Massachusetts,' 'On the Road to Nashua, New Hampshire,' 'By the Glorious Hill Tops of Cincinnati, as Far Away as You Can Get From Cleveland in Ohio,' 'Neath the Orange Blossomed Trees of Los Angeles, Three Thousand Miles From Portland, Maine,' 'By the——'"

"I didn't ask you if you were a train announcer," interrupted the young woman. "I came in here to purchase some of the newest popular songs."

"Well," replied the clerk, "them's them."—Cincinnati Inquirer.

**You Are the State!**

There is a tendency nowadays to regard the government as a sort of big person, with his home in Washington or in one of the state capitals.

When something needs to be done we say:

"Oh, let the government do it"

In some ways the tendency is a good one, for the government represents us all. But look at the matter from another viewpoint—

What is the government, after all, but the combined personalities of all of us? If we cannot or will not help ourselves, how can the government do it for us?

In the process of transmitting our personal force to bear on the things that need to be done some power is lost, as some of the electrical current disappears between the place of generation and the points of use.

The thought is suggested by the complaint of a man writing to his farm paper:

"If the state and government won't protect its citizens from the horde of rascals, sharks and leeches, what is the use of an individual attempting it."

Shame on you, neighbor! Have you lost your good old American heritage of independence?

There was a king of France once who said:

"I am the state!"

He meant that beyond him there was no government; in him lay embodied all power.

If every American were to say and feel, as did Louis XIV, "I am the state!" we should soon do away with many of the evils which afflict us.

We should not need to have poured in us and about us and around us and all over us the flood of laws, state and national, which is threatening to submerge the nation.

We should get along with fewer laws and more lawfulness.

We should learn to think for ourselves more than most of us do now. We should learn to take a more intelligent and active interest in our self-government. We should not lean on the lawmakers as we do and leave the government to the professional politicians.

In the older days of the republic men were less prone to rely on their representatives. They depended on themselves. They gathered in village and town meeting and city council to discuss their affairs.

The meeting and council are no longer possible, thanks to the growth of our immense cities.

But the spirit which actuated them needs reviving.—James A. Edgerton.

**Maryville Druggist Deserves Praise**

W. Jones, druggist, deserves praise from Maryville people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that JUST A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. It's quick action is a big surprise to people. Druggist Shuff at Pickering reports great success there.—Advertisement.

## *News of Society and Womens' Clubs*

**The Mothers' Circle.**

The Mothers' Circle will meet in the basement of the library Friday afternoon.

**Gone to Estes Park.**

Miss Donna Sisson left Thursday evening for Estes Park, Col., to join Paul Sisson, who went there several days ago.

**Guest From Ohio.**

Mr. W. P. Dukes of Findlay, O., arrived in the city Wednesday night and is a guest at the home of his sister, Mrs. G. DeLana.

**On Visit to Grandparents.**

Miss Karle Parker, living south of Maryville, went to Pickering Wednesday on a vacation visit to Mr. and Mrs. H. T. Wray.

**Visited Friend in Bedford.**

Miss Eunice Wright spent Wednesday afternoon in Bedford with Miss Viva Cloud of Maryville, who is stenographer for Attorney Frank L. Wisdom.

**On Visit to Platte County.**

Mrs. Frank Hall and Miss Wilma Hall, living west of Maryville, went to Camden Point Thursday for a visit with Mr. and Mrs. T. M. Baughman. They will also visit relatives at Dearborn and other points in Platte county.

**To Excelsior Springs.**

Miss Ella Roney went to Excelsior Springs Thursday morning, where she will join a party of Kansas City friends for a three weeks' stay.

**Returned to Brookfield.**

Mrs. Walter Harris and children of Brookfield, who have been guests of Mr. Funk and family for a week, left for their home Thursday morning.

**On Vacation Trip.**

Miss Harriet Day of the State Normal faculty left Thursday on a vacation visit. She will visit friends in Knoxville, Ia., and Chicago, and home folks at Indianapolis, Ind.

**Hum Drums in Business Session.**

The girls of the Hum Drum club held an earnest business meeting Wednesday afternoon at the home of Miss Martha Koch. The club is planning several activities for the near future.

**On Trip to Manitou.**

Miss Beatrix Winn of St. Joseph, teacher of English at the State Normal, went to her home Wednesday evening. She will leave Friday for Manitou, Col., to spend a month at her cottage.

**To Minnesota.**

Mr. V. H. McMurtry, living southeast of Maryville, started Tuesday morning for Crookston, Minn., where he will visit his sister, Mrs. S. E. Clark, and family. From there he will go to Harlowton, Mont., to visit his brother, E. G. McMurtry, and wife.

**On Trip to Michigan.**

Mrs. Alice Perrin, the mistress of Perrin Hall, and Mrs. Lottie Oman left Thursday noon for a visit at Vicksburg, Mich., their girlhood home. They will also visit relatives at Battle Creek and Three Rivers, and will be away two weeks.

**Visitor From Kansas City.**

Mrs. H. O. Porter of Kansas City arrived Wednesday on a visit to her parents, Mr. and Mrs. H. C. Smith of West Cooper street.

Mrs. Porter will visit while her husband is in Enid, Okla., on a business trip.

**I X L Club Meeting.**

Mrs. I. W. Nixon entertained the members of the I X L Embroidery club Wednesday afternoon and was assisted in entertaining and serving during the social hour by Misses Blanche, Lena, Selma and Myrtle Nixon. Two new members were added during the business session, Mrs. S. H. Kemp and Mrs. U. I. Wilson. There was one guest, Miss Ruth Reynolds of Chicago, who was a visitor at the Nixon home.

**On Few Weeks' Visit.**

Miss Mattie Hall, living west of Maryville, went to Nevada Thursday morning to visit the family of her uncle, P. V. Twyman. She will spend a while at Eldorado Springs before her return. Miss Hall has not yet recovered from the accident she met with three weeks ago when the horse and buggy with which she was driving in company with Miss Ella O'Grady collided with an automobile. Miss O'Grady is still on crutches from a sprained ankle.

**Picnicked at Bridgewater.**

A party of young people motored to Bridgewater Wednesday evening for a picnic supper. They left about 5 o'clock and returned after dark. Those in the party were Misses Vesta Morris, Minerva Ward, Helen Hutt, Nancy Lee Maxwell, Ruth Ingman of Pueblo, Col.; Fred Vandersloot, Frank Miller, Floyd Miller, Clun Price, Ross Scott and John Mutz. Misses Morris, Ward, Hutt, Maxwell and Mossbarger have been attending the summer session of the Normal, and they left this morning for their homes.

**For Mrs. Cornelius.**

Mrs. John Murrin entertained the Penelope club Wednesday afternoon, complimentary to her bride-daughter, Mrs. Ralph G. Cornelius of Des Moines. The honor guest was presented a set of solid silver teaspoons by the club, of which she was a member for a year or so before her marriage. The club spent a delightful afternoon and the hostess served luncheon. Nearly all the members were present and the guests were Mrs. Cornelius, Mrs. E. J. Hoge of Caldwell, O., the guest of Mrs. R. S. Braniger; Mrs. Harry Peterson of San Antonio, Texas, the guest of Mrs. O. L. Holmes; Mrs. W. H. Allen and Mrs. John Dawson.

**Picnic Party on the Platte.**

A party of five young ladies of Clyde enjoyed an all-day picnic Tuesday on Platte river. They went to Conception on the local from Clyde, and from Conception to the shaded place on Platte river early in the morning. They spent most of the time wading, taking kodak pictures and lunching. They returned to Clyde in the evening in a car. Those in the party were Miss Bessie Graham, Miss Elizabeth Simonieg, Miss Mary Stowell, Miss May McGarry and Miss Jessie Boyd. The picnickers were guests of Miss Jessie Boyd at a slumber party Wednesday night, with the addition of Miss Mary Coffey.

**Linwood Clark Married.**

Maryville friends received announcement Thursday morning of the marriage of Linwood Clark of Shenandoah, Ia., and Miss Florence Benefield, daughter of Mr. and Mrs. J. S. Benefield of Clarinda, Ia. The ceremony took place Monday afternoon, August 4, at 1 o'clock, in the parlors of the Christian church of Clarinda, and was performed by the pastor, Rev. Eppard. Mr. Clark is a clerk in the Delmonico hotel at Shenandoah, and before going there was clerk in the Linville hotel of this city. He is the son of Mrs. Zoe Updegraff Clark of Kansas City, formerly of Maryville. The bride is employed in the telephone office at Shenandoah and will retain her position.

**Wednesday Evening Dinner.**

Mr. and Mrs. John Shonley entertained at 6 o'clock dinner Wednesday evening, complimentary to Mr. Shonley's sister, Sister Edward of Yankton, S. D., and his brother, Will Shonley, and Mrs. Shonley of Red Oak, Ia., who have been here visiting. The other guests included Misses Katherine and Teresa Shonley and Miss Katherine Zech. This same company, including the hostess and their sons, were entertained Monday and Tuesday at Pleasant View Farm, east of Maryville, the home of Mr. and Mrs. Andrew Zech. The Red Oak visitors left for their home Thursday morning, accompanied by Misses Katherine and Teresa Shonley, who will visit them several days. The young ladies will stop at Tarkio on their way home for a several weeks' visit with Misses Blanche and Louella Thompson.

**Left For Texas.**

Professor and Mrs. Victor I. Moore and children left Thursday for their new home at Arlington, Texas, stopping for a day in St. Joseph with Mr. and Mrs. L. C. Gabbert. As has been announced before, Professor Moore will be associated with Professor H. K. Taylor, former president of the Northwest Normal, and Professor J. J. Godbey, who married Miss Emma Lee Taylor, in the conduct of Carlisle Military academy at Arlington, which they purchased several months ago. The departure of Professor Moore and his family is a matter of sincere regret among our people, as they have have filled in full measure, pressed down and running over, their place in the church, social, educational and business life of our city, and they bear with them the best wishes of all for continued health, happiness and prosperity.

**Left For Indiana.**

Professor J. A. Lesh of the Northwest Normal and Miss Amber Leone Nabring left Wednesday night for Miss Nabring's home in Muncie, Ind., where they will join Mrs. Lesh, who left two weeks ago on her vacation visit. Miss Nabring remained to finish her work at the Northwest Normal. Professor and Mrs. Lesh will visit his relatives in Pennsylvania before their return.

**Postponed Its Meeting.**

The King's Daughters of the First Methodist church has postponed its meeting for Thursday evening with Miss Florence Anderson indefinitely.

**Returned to Chicago.**

Miss Ruth Reynolds of Chicago, who has been the guest of Miss Myrtle Nixon the past ten days, left for her home Thursday.

**Carried It Too Far.**

Every man likes to pretend to know something about farming, but this fellow carried it too far, says a farm exchange.

Said he to his seatmate:

"Did you raise a good crop of wheat?"

"Fine."

"Oats do well?"

"Never better."

"Corn crop satisfactory?"

He should have stopped there, but he didn't. The next question gave him away.

"Do you plant much succotash?"

You can't do better than patronize our job office.

**WANTED**

Two good cooks, male or female, for Chautauqua week. At once. Call at Binter's Cafe.

**WANTED**

Eight girls to wait tables in the Chautauqua dining tent. Short hours, good pay. At once. Call at Binter's Cafe.

No Furnace Ever Built Has Met With Such Universal Praise the Country Over Because the

XXTH CENTURY FURNACE

FIREPOT HAS SPECIAL FEATURES—It is built on an exclusive patent that gives a free circulation of air at all times and preserves the firepot.

BURNS ALL KINDS OF FUEL—Especially slack and cheap grades of soft coal with perfect results, as well as hard coal, gas and coke.

BURNS THE FUEL IN A CIRCLE—Around the outer edge and toward the center with perfect combustion, giving the greatest heat from the least fuel.

WITH ITS PATENT REGULATOR—Holds the fire, even with soft coal, for 48 hours and saves the vexing labor rekindling the fire.

CONSUMES NEARLY ALL THE GASES AND SMOKE—Saving about half the fuel. In most furnaces they escape through the chimney, being a fuel waste.

AVOIDS PUFFING GAS OR SOOT—Even in burning soft coal, thus keeping the house entirely free from gas and soot particles.

HAS THE IMPROVED DROP FRONT GRATE—Making it the simplest and easiest cleaned of any furnace made. The entire grate is easily removed.

Before buying call at South Side Hardware and see the XXth Century.

## .22 RIFLES

**The Little Rifles—Big in Quality**

YOU are going to buy a .22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington-UMC .22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your .22 calibre arm as in your $75 big game rifle.

You want the Remington-UMC single shot at from $3 to $6, .22, .25-10 or .32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifles.

Or, if you prefer the repeating rifle, the Remington-UMC slide action .22 repeater with its easy take-down and special safety features, shooting .22 short, .22 long or .22 long rifle cartridges, at $10 and up, is your arm. Sold by live dealers of this community—the most popular small calibre rifles in America.

# PEACE AGAIN IN BALKANS

## Preliminary Treaty Is Signed by Delegates.

## DISAPPOINTMENT TO BULGARS

**President of Conference Threatens, Unless Frontier Is Accepted, Sofia Would Be Occupied by Rumania Saturday—Rejoicing at Bucharest.**

Bucharest, Aug. 7.—Peace was concluded between the Balkan states and the preliminary treaty was signed by the delegates of Servia, Greece, Montenegro, Rumania [illegible] agreement was arrived at only after another exhibition of the utter helplessness of enemies.

The discussions in the peace conference threatened to become interminable, but M. Majoresco, the Rumanian premier and president of the conference, clinched matters by threatening that unless Bulgaria accepted the modified frontier proposed by the allies Rumanie's army would occupy Sofia next Saturday. This threat had the desired effect and an agreement was arrived at after numerous private consultations between the delegates and a four hours' sitting of the conference.

The new frontier as agreed to starts at a point on the old frontier west of the Struma river, follows the watershed to the west of the town of Strumnitza, thence runs almost through the Struma valley to the Belesh mountains and thence easterly in almost a straight line to the Mesta river, thus leaving the town of Strumnitz, the port of Lagos and Kanthi to Bulgaria and the port of Kaval to Greece. The new frontier is a deep disappointment to the Bulgarians, who still nurse hopes for its eventual revision by the powers.

It is believed that an agreement for the demobilization of the various armies will be signed. The news that peace had been arranged caused great rejoicing here.

## LIVELY DEBATE IN SENATE

**Democrats Reply to Lippett's Attack on Tariff Bill.**

Washington, Aug. 7.—Senator Lippitt (R. I.) aroused Democratic leaders of the senate to spirited replies when, discussing the cotton schedule, he charged that it discriminated against New England in favor of the south and that it was prepared haphazardly.

Senator Smith (Ga.) vehemently denied the scharge of sectionalism, declaring that the appeal of southern manufacturers for increases were unheeded by the finance committee. He called attention to the fact that the subcommittee which considered the cotton schedule was composed of Senator Johnson (Me.), Senator Hughes (N. J.) and himself. Senator Stone (Mo.), referring to Senator Lippitt as a cotton manufacture, remarked that the time had passed when representatives of the interests could write the tariff laws.

## REBELS FIGHT AMONG SELVES

**Southerners Have Desperate Battle All Their Own.**

Shanghai, Aug. 7.—A desperate fight among the rebels themselves occurred at the Wusung forts. The famous rebel regiment called "Dare to Die," whose commander, Lufu-Piao, was suspected of having plotted to capture the fortifications by stealth from the revolutionists in order to sell them to the government, attacked the forts. The forts opened fire upon the attackers and simultaneously the northern troops executed a flanking movement, opening a fire which literally mowed down the "Dare to Dies."

## STRIKERS STORM CAPITOL

**Two Hundred Men From Foss Plants March to State House.**

Boston, Aug. 7.—Two hundred strikers from two Hyde Park manufacturing plants, controlled by Governor Eugene Foss, stormed the state house, demanding an immediate hearing of their grievances by the state board of arbitration. Chairman Hoyland refused to receive the party.

The strikers then appealed to Governor Foss, insisting that he order the state board to receive the petitioners at once. The governor replied that he had no authority in the matter.

**May Die From Aeroplane Flight.**

Omaha, Aug. 7.—Henri de la Roche, expert mechanician, employed by the fire department and former chauffeur for the king of Greece, will probably die in Clarkson hospital from injuries received when he lost control of an aeroplane thirty feet in the air on the West Center street road, and was crushed beneath it when it fell. To a handful of spectators, who urged him to make the flight against his own judgment, and who taunted him, is laid the blame for the tragedy.

**Kautz Ends Life by Swallowing Poison**

Beatrice, Neb., Aug. 7.—John Kautz of Tarkio, Mo., committed suicide in the women's department of the city jail by taking carbolic acid. Mr. Kautz was stopping at the Beatrice hotel and as he acted strangely he was taken to the police station.

An automobile in which were Mr. and Mrs. William (Nathalie Collins) Laimbeer, S. Osgood Pell and a chauffeur was struck by a train at Long Beach, N. Y. Mr Pell and the chauffeur were instantly killed, Mr. Laimbeer received injuries from which he soon died, and Mrs. Laimbeer was terribly hurt. Both her arms and one leg were broken.

# LIND WILL BE PERSONA NON GRATA

## His Expulsion From Mexico Is Declared Possible.

Mexico City, Aug. 7.—John Lind, special representative of President Wilson of the United States, now on his way to Mexico, will be persona non grata to this government unless he brings credentials in due form, "together with recognition of the government of Mexico," according to an official statement issued.

Manuel Garza Aldape, the minister of public instruction, who is acting as minister of foreign affairs, issued the following statement:

"By order of the president of the republic I declare as minister of foreign affairs ad interim that if Mr. Lind does not bring credentials in due form, together with recognition of the government of Mexico, his presence in this country will not be desirable."

Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the republic by the latest news from Washington that the object of John Lind's visit here as the personal representative of President Wilson is to consult with prominent Mexicans and advise them that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta.

It was pointed out by a prominent Mexican that the government would be justified in characterizing him as one who was inciting Mexicans along lines of sedition and in applying the pernicious foreign expulsion clause of the constitution.

## GRAIN AND PROVISIONS

**Closing Quotations on the Chicago Board of Trade.**

Chicago, Aug. 7.—Blistering winds and no rain in Kansas and Missouri finally sent corn on a decidedly upward course, after a series of violent swings. The market closed firm, 1⅛c to 1¼@1⅜c net higher. Closing prices:

All day for 35c. — Night program 25c

**The Real You.**

From time to time, in allusion to some presumably great man, the description is offered that he is "a many-sided man," that they flash in many directions like the facets of a diamond. Now and then we hear of some ordinary man who has a double personality, says the Indianapolis News. At some time he is one person, at another time quite a different person. It may be that such a one is very clever and agreeable away from home and quite the reverse at his own fireside. It is more rare to have any exploitation of the woman of the double personality. But here is such a case reported in a London court. An English woman married March 1 a Hindoo barrister practicing in London. She now accuses her swarthy lord of assaulting her and tying her up in a sheet. Her own letters to the husband prevented the winning of her suit. In one letter she sends him "kiss." In another she writes: "Oh, am longing to see you. Do come to me, dearest. Your loving Rubky." To this Rubaiyat, the dark man, answered: "Which is the real you? You who promised to make this life a paradise for me, or you who told me to go to hell."

# PROBING SULZER CAMPAIGN FUND

## Sworn Statement and Bank Books Are at Wide Variance.

## DISCREPANCY IN CASH ACCOUNT

**Five Thousand More Paid Than Shown by Affidavits—Witnesses Before Committee Refuse to Answer Questions—More Contributors Named.**

New York, Aug. 7.—Contributions to Governor Sulzer's campaign fund under the fire of a legislative investigating committee were at least $5,000 more than his sworn statement reported them to be, according to testimony of bank officials and others at the resumption of the committee hearings.

Counsel for the committee sought to show that the governor had purchased 200 shares of railroad stock Oct. 22, 1912, paying cash for them, and to establish connection between this transaction and the contributions he failed to include in his sworn statement. Witnesses met such inquiries with refusals to answer. Senator Frawley, chairman of the committee, was of the opinion that the testimony showed that the governor had bought the stock. Eugene L. Richards, counsel for the committee, thought otherwise.

The contributions alleged to have been made to the governor's campaign fund, but not mentioned in his statement were as follows:

William F. McCombs, chairman of the Democratic national committee, $500; Henry Morgenthau, treasurer of the Democratic national committee, $1,000; John Lynn of New York, $500; Jacob H. Schiff, $2,500; Abram I. Elkus, $500.

## LIEUT. COL. R. P. DAVIS.

Commander Long Island Coast Defenses In War Game Now Being Played.

Photo by American Press Association.

One of the principal measures of defense to prevent the capture of New York city by a hostile fleet would be the planting of mines in the several water approaches to the city. In the present maneuvers the placing of mines has been under the direction of Colonel Davis, who directs his defense operations from his headquarters in Fort H. G. Wright, on Fishers island, at the eastern gate to Long Island sound.

**One-Eyed and Lipless.**

Nodaway county is doing its best this summer to furnish the dime museums and sideshows with freaks. The latest specimen is a calf born on the farm of Ed Pierson, six miles southwest of Hopkins. This calf is one-eyed, has only one nostril and is minus an under lip. The calf is unable to feed itself and is such a care that Mr. Pierson is trying to dispose of it to some one who wants it for an exhibit.

Miss Florence Gilbert of Burlington Junction and Miss Opal Hilsabeck of Orrsburg arrived Wednesday and are guests of Mr. and Mrs. John Green.

**MRS. McGILL BROKE DOWN**

**Gives the Real Facts In Regard to Her Case and Tells How She Suffered.**

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—*Write to:* Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for *Special Instructions*, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

## MEDICAL CONGRESS OPENS

**Suffragettes Are Kept Out of Albert Hall in London.**

London, Aug. 7.—The International Medical congress was opened by Prince Arthur of Connaught, as the representative of King George, in the Albert hall, in the presence of an audience of 10,000.

Prince Arthur and Sir Edward Grey, secretary of state for foreign affairs, sat on the platform beside the president of the congress, Sir Thomas Barlow, president of the Royal College of Physicians, physician extraordinary to King George.

The credentials of every person in the audience were rigorously scrutinized before entry could be obtained. This precaution was taken to keep out suffragettes, several of whom attempted to enter.

Headed by an American delegate, Professor Sidney Thayer of Johns Hopkins university, the delegates of the various governments advanced in turn while an organist played a few bars of their respective national anthems. The delegates made short replies to and shook hands with Prince Arthur of Connaught and Sir Thomas Barlow. As each foreign representative spoke in his native tongue the variety of languages was as bewildering as that at the tower of Babel.

The representatives of the United States outnumber those of any other nation except England.

**Telephone Strike Is on Once More.**

St. Louis, Aug. 7.—The strike of girl operators and maintenance men against the Southwestern Telegraph and Telephone company, which was announced as settled, practically was renewed.

## CONDENSED NEWS

Johnny Bryant, an aviator, was killed when his aeroplane fell while he was making a flight as an attraction of the Victoria water carnival.

Prominent officials of President Wilson's administration, probably some cabinet officers, will take part in the approaching gubernatorial campaign in Massachusetts.

Secretary of the Interior Lane visited the big falls of the Missouri river and the big dam being constructed by the Montana Power company, near Great Falls, Mont.

Stupefying fumes of an explosive overcame sixteen men, killing one and causing a panic among 400 others in the Catskill aqueduct, 700 feet under the streets of downtown New York.

Practically all the supreme officers of the Knights of Columbus were re-elected at the annual convention at Boston. James A. Flaherty of Philadelphia was elected supreme knight.

Application was made in the district court at Grand Rapids for appointment of a receiver for the Michigan Buggy company of Kalamazoo. About $1,600,000 is involved. The company made the Michigan "40" automobile.

The senate re-referred the nomination of Thomas Fox as postmaster at Sacramento to the postoffice committee. Fox was confirmed in executive session, but Senator Works protested and on motion of Senator Lea the confirmation was withdrawn.

With the arrival in Lexington, Ky., of Sherman Lewis, deputy United States marshal, news of a battle between revenue men and moonshiners became known. The fight took place in the mountains of Morgan county and Morgan Kidd was killed, while his brother, John Kidd, was fatally injured. They were defending an illicit still.

**Flora Finch tonight. Fern.**

Miss Gladys Beck of St. Joseph, who has been visiting Mr. and Mrs. Curtis Nichols, returned home Thursday morning.

**John Bunny tonight. Fern.**

**Mrs. Ed Wiley of Pickering returned home Wednesday from a two days' visit with her sister, Mrs. Raymond Shroyer.**

## N. A. M. KEPT TAB ON CONGRESSMEN

### Emery Tells of Political Activities of Association.

Washington, Aug. 7.—How the National Association of Manufacturers "prodded" members of congress to support legislation the association favored and opposed those who threatened its interests was explained to the house committee by James E. Emery, general counsel for the association. Emery was the principal witness of the day before the lobby investigation on both sides of the capitol.

Discussing the political activities of the association, Emery said that the body itself did not engineer congressional campaigns. The association kept track of the records of congressmen, he added, and when the time for their re-election came, notified its members in the individual districts and the campaign work was done by the local members.

## NO ARRESTS MADE

EMANCIPATION DAY WAS CELEBRATED WITHOUT SINGLE RIPPLE

## DANCE A BIG SUCCESS

**Were Loth to Quit Tripping the Light Fantastic at Midnight—Concerts Were Good.**

A celebration without an arrest. This unusual record was made yesterday at the Emancipation Day celebration. The crowd was probably the most orderly one that ever gathered in Maryville. The day was a success in every way.

A large crowd listened to the speeches of Hon. Nelson C. Crews and Dr. M. O. Ricketts in the courthouse yard in the afternoon. The program, speeches, readings and band music lasted nearly all afternoon. The ball game between the Black Wonders and the Owls also drew a large attendance. The colored team showed itself to be the superior by taking the game from the Owls by a score of 11 to 5.

And, of course, the dance was a success. It always is. Some of the most graceful and prettiest dancing in Maryville is to been at this annual ball. The dancers were loth to leave the hall when it was closed at midnight.

Nor must the evening program be passed without mention of the concert given by the Maryville Concert band. In selection of numbers and playing it was one of the best concerts the band has ever given here.

### SLEEPY HEADED MORNINGS?

**Changes From Excessive Heat to Coolness Takes Ginger Out of Folks.**

Fellow, whose heels when he comes down in the morning, generally go pitty-pat, pitty-pitty-pat, ambled down the street like the creeping paralysis was getting him. He was half an hour late to work and the sleep was mostly still blearing to his eyes. His "pep-per" was conspicuous by its absence.

Little later in the morning, 'bout 10 o'clock a lawyer stopped in his dictation and yawned. Then he yawned twice more. "Yeow-a-ah-ah," he murmured, "don't believe, Mary—yeow-eow-ah-ah-ah—I'll write any more letters this morning, I'm too tired. Yeow-ah-ah."

A doctor stooping to crank his car, stopped in the blistering sun to shut his eyes, open his mouth and omit a terrific yawn.

Young lady, all starched and powdered and cool looking, was waiting on a customer in a dry godos store. She stopped in the middle of showing a bolt of dress goods. "Ha-ha-yeow-ah-ah," she said, and murmured behind her hand, "excuse me, please, but—yeow-ah-ha-ha—I'm so sleepy. I don't know what's the matter. I just can't help it. Yeow-ah-hum."

But the lady didn't excuse her. She couldn't. She was doing it, too.

The reporter was scared. His own head contained a choice collection of drowsiness. Was the sleep-ing sickness sneaking on Shenandoah?

So he asked the doctor. The doctor yawned once, then again, and then explained. It's nothing to be scared about.

If you get up sleepy and weary legged in the morning, and you feel drowsy, and lifeless and enervated—you aren't going to be sick.

It's merely the weather. The changes from excessively hot to cool days, the hot nights and cool nights, hot mornings and cool mornings, hot and cool days, in rapid succession bring this effect upon you. You don't any more than get used to one brand of climate and get your system acclimated than along comes another. Nature doesn't like it. She rebels. And a desire to sleep and let things go hang is the way she shows it.

### NOT ENOUGH COACHES.

**Train Service in and Out of Maryville Was Poor Wednesday and Thursday.**

The State Normal students leaving Maryville Wednesday and Thursday at the close of the summer term, together with the colored celebration, which brought at least three car loads of colored people and about 200 white people from towns around, has taxed the train service on both Wabash and Burlington railroads over the straining point.

Agent Goforth of the Burlington and Agent Ferritor of the Wabash telegraphed the need of more coaches into headquarters, especially for Wednesday, but only two extra coaches were sent for by each road, and one only for the Burlington Thursday morning.

The 9:47 Wabash train last Wednesday night could not carry the baggage, as the baggage coach was pressed into service for a passenger coach and was packed with its standing-up human baggage, while the aisles of the day coaches and sleeper were filled with people. The train was held some twenty minutes to let the people on.

This explanation is due the agents at Maryville. It is evident their order for extra coaches was thought more than needed, owing to the immense amount of travel these days in touring cars, which is said to be sadly demoralizing the railway travel.

But there are a lot of folks beside colored folks who haven't automobiles and must depend on the trains for travel service, and it is hoped Maryville will meet such a shortage again in this respect. Fully 100 more people than there were seats for were on the Burlington train Thursday morning.

### PAPERS BEST AD MEDIUM.

**Result of Canvass of National Space Buyers.**

At Evansville, Ind., lively discussion has been going on for some weeks among a number of merchants and manufacturers as to which was the most economical method of advertising. On being named to investigate the matter, J. S. Oliver, advertising manager of the Evansville Brewing association, wrote to twenty of the most prominent national advertisers in the United States and asked them what publicity mediums, in their estimation, were the most valuable—newspapers, billboards, painted walls, street cars or direct circulars?

Nineteen of the twenty named newspapers without hesitation, and a number went so far as to recite their experiences in detail and named the reasons for their conclusion. One firm had been a persistent and successful advertiser for thirty years. Practically all of them manufacture articles that have long been household words throughout the whole country and who have had sufficient practical experience to qualify them as capable judges.

This disclosure has influenced the Evansville Brewing association to appropriate a considerable sum to be expended for newspaper advertising.

**Train Fires Wheat Field.**

Sparks from the Burlington passenger train set fire to a wheat field of George Forts, who lives south of Barnard, about 3 o'clock Wednesday night. The wheat had been blown down earlier in the summer by a storm, and, instead of binding it, Mr. Forts had mowed it as he would hay and left it lying on the ground until it could be threshed.

The fire spread rapidly, and the whole field was in danger. A new separator was standing in the field, and it was thought that it would be destroyed. Mr. Forts lost a separator by fire a few weeks ago. Neighbors and people from Barnard saw the fire and hurried to it in buggies and autos. They succeeded in putting it out before it had reached the separator, but three acres of grain was burned.

Mrs. F. H. Stone of Waterman, Ill., who has been visiting Maryville friends for some time, went to Gaynor Thursday to visit Mrs. George Negus.

Dr. K. C. Cummins went to McFall Thursday, where he was called in consultation.

Mrs. Samuel Jones of Burlington Junction came to Maryville Thursday to visit Mr. and Mrs. W. W. Jones.

Leo Auffert left this week for a few weeks' visit with relatives at Celestine, Ind.

Mr. and Mrs. Samuel Comer went to St. Joseph Thursday morning on a visit.

Mr. and Mrs. P. M. Taylor went to Barnard Thursday morning to attend the picnic.

Mr. and Mrs. Lee Brown of Tarkio went to Hopkins Wednesday to visit Mr. Brown's father, J. C. Brown.

## SMALL SIZED CITY

100 FAMILIES TO MAKE TEMPORARY HOME AT PARK.

## LIGHTS TO BE A FEATURE

**More Lights This Year Than Ever Before—Busy Putting On the Finishing Touches.**

The Chautauqua grounds are being put in order for the assembly, which begins Saturday; the campers' tents are up, and one hundred families and clubs will begin moving to their canvas homes tomorrow.

The grounds are being put in the best possible condition for the convenience of the Chautauqua goers. More electric lights are being put over the grounds than ever before, and there will not be a portion of the grounds which are not well lighted. That part of the grounds on the north side which is reserved for the parking of motor cars is being thoroughly raked and cleaned to guard against the danger of tire puncture.

The work of building the seats and platform and of installing the lights in the big tent is still going on. The tent will be under the personal care of Mr. Parker this year. Mr. Parker is the city salesman for the Baker & Lockwood people in Kansas City. He is their most experienced tent man, but has been too busy in Kansas City the last year or two to go out with tents. He has come here to look after the big tent as a personal favor to Manager Landon.

And while at Chautauqua feel free to use The Democrat-Forum's rest tent. It will be in the same location it had last year, the first tent north of Reuillard's restaurant tent. The Democrat-Forum has this tent there each year for the use of the public. Chairs, a writing table, stationery, the Hanamo and Farmers phones will be there for the use of everybody.

### BIG TENT MEETING CLOSED.

**Sunday Was the Last Day at Skidmore Meeting and There Were 102 Conversions.**

The big union tent meeting at Skidmore, representing the M. E. church, the M. E. church, South, and the Christian church, and conducted by Evangelist Hankins and Prof. Howey, closed Sunday night. The meeting lasted three weeks, and during that time there were 102 conversions, and all signified a desire to join some church. On Sunday the greatest Sunday schools of the three churches in Skidmore met together in a great union Sunday school. There were 460 in attendance.

Evangelist Hankins and Prof. Howey left Skidmore Monday for Coin, Ia., where they will have a b ig tent meeting, commencing a week from Monday.

**Busy Recording Grades.**

The office force of the Normal is busy today recording the grades made by the summer term students. A good part of the grades will be sent to the state superintendent, who records them as approved grades. As a whole, the grades made at the summer term were good, only a small per cent failing.

**On Trip to Chicago.**

Dan Holmes of Kansas City, who is spending his two weeks' vacation in Maryville with his parents, left for Chicago Wednesday on a two weeks' business trip.

**Threshing Wheat.**

Al Kent[illegible] living five miles south of [illegible]ne, threshed out 2,309 bushels of wheat and 730 bushels of oats. The threshing was done by Milt Balem.

Miss Minnie Coulter of Arkoe was shopping in Maryville Wednesday. She was accompanied by Miss Alice Hastings and Miss Jessie Macumber of Omaha, who are visiting at her home.

Fred and John Thompson and Miss Agnes Thompson went to Barnard Wednesday evening to visit until after the annual picnic with Mrs. George Thompson.

Miss Kate Farnan returned home Sunday from St. Joseph, where she spent an enjoyable week as the guest of Misses Ella Dolan and Frances Corcoran.

H. H. Martin was accompanied by Mrs. Martin and daughter to Corning, Ia., on a business trip Wednesday. They will be guests of Mr. and Mrs. John Leonard.

George B. Baker went to St. Joseph Wednesday afternoon to attend the meeting of the board of managers of state hospital No. 2.

### MONEY FOR WHEAT.

**Hopkins Dealers Paying Large Sums to Farmers—Big Yields and Two-Thirds of Crop Yet to Harvest.**

Bank accounts are growing in Hopkins. The Wolfers Mercantile company of that place has already paid more than $40,000 to the farmers around there for wheat. The two other buyers, Charles Bebout and William Wells, are also purchasing large quantities of grain. Fifty car loads of grain have been shipped from the town, hundreds of bushels of it are stored in the elevators and granaries, and only one-third of the crop has been threshed. Prosperity is not likely to be a stranger there this year.

The figures given by the local men there for the cost of growing the wheat range from $7 to $15. The state bulletin on wheat gives an estimate of $12 as a fair average cost. With wheat selling at 75c per bushel and the yield running from 25 to 50 bushels per acre it is easy to see the Hopkins farmers are swelling these bank accounts.

The oat crop is turning out equally as well as the wheat.

### WELTON ON PLATFORM.

**Skidmore Minister Filling Chautauqua Engagements This Month.**

Rev. W. H. Welton of Skidmore is making himself a most desirable Chautauqua speaker, as he has several dates at old Chautauquas, where the people know what is what.

He will speak on Wednesday, August 13, at Wathena, Kan., on the subject, "Why Not Be a Man," and again on the 14th, taking the place of Dr. Frank E. Day, who is in Europe and will not return in time to keep this engagement.

Rev. Walton is also engaged for an address at the Oregon Chautauqua on Patriotic Day, August 17, on the subject, "The Last Ditch." This is what Rev. Welton calls his Gettysburg dispatch. He participated in that battle and can speak from experience as well as from a historical standpoint.

Rev. Welton is an impressive speaker, cultured, elegant and earnest in manner and expression, and not a word or sentence will fall from his lips for the love of applause, but they will be spoken from honest conviction in better ways of thinking and doing.

**Will Leave Maryville.**

Mrs. L. J. Lash, who has been making her home in Maryville while her son, Leo Lash, attended the high school, went to Rosendale Wednesday evening, which is her former home. Mrs. Lash has sold her residence at 548 West Second street, to Mrs. M. M. Osborne, and will spend some time visiting her sons, Dr. C. D. Lash of St. Louis and Dr. O. U. Lash of Moberly. Leo Lash will enter the veterinary college of Kansas City in September and will return to Maryville later to finish two subjects in high school.

**Will Move to Maryville.**

Mrs. Hattie Hogue and Miss Myrtle Hogue of Stanberry have taken rooms with Mr. and Mrs. George Reynolds, on West Second street, and will move to Maryville at the opening of the State Normal school, when Miss Hogue will begin study there. They were in Maryville Thursday morning on their way home from northwest of Pickering, where they were called last week by the illness of Mrs. Hogue's mother, Mrs. Julia Hart, who makes her home with Mrs. J. H. Carmichael. Mrs. Hart is much better now.

**Has Government Position.**

Ross O. Miller, son of J. M. Miller, who lives near Graham, began work August 1 with the U. S. weather bureau at Wichita, Kan. Mr. Miller took civil service examination in April, and received his appointment as assistant observer of the weather bureau last week. He is well known in Maryville, having spent several years here as a student in the Normal. He was graduated in the class of 1910.

**Will Teach at Woodbine.**

Misses Laura and Birdie Ozenberger of St. Joseph, who have just finished their work at the State Normal, left for their home Wednesday evening. Miss Laura will be principal and Miss Birdie primary teacher of the Woodbine school, a suburb of St. Joseph, the coming year.

**On Vacation Visit.**

Professor and Mrs. E. L. Harrington and son left Wednesday evening for a vacation visit with their parents, Mr. and Mrs. C. P. Robbins of Breckenridge and Mr. and Mrs. H. Harrington of Bucklin, Mo. They will be gone until about the 15th of September.

Mrs. W. C. Dye, who was called to Maryville by the death of Mr. John Bantz, returned to her home in Trenton, Mo., Wednesday evening.

Mrs. Louis Remele of Clyde was a Maryville visitor Wednesday.

## NEW DAM AT RIVER

WORK ON STRUCTURE WILL BEGIN NEXT MONDAY.

## TO BE MADE OF CONCRETE

**City Engineer Flynt Will Superintend Work, Which Will Cost About $3,000—Better Water.**

A new dam at the city water plant at the river will be constructed within the near future. At least, work on the structure will start on Monday and will be in charge of City Engineer Flynt.

The dam is to be a concrete structure and also a gravity dam. It will be two feet wide at the top and at the bottom it will be nine feet or more, depending on the depth. The height will be probably from twelve to fifteen feet, and there will be two sluice gates so that when the river is up the mud and other trash can be let out through these gates. The dam will be constructed thirty feet below the present one in the river.

The cost of the work will be about $3,000, and a force of five or six men will be kept busily at work for some time. Mr. Flynt will make Saturday a test of the soundings of sand for the foundation of the dam.

The boilers for the water plant are expected to be here this week. Mr. Martin of the Mertle-Hines Co. of Kansas City, the company having the contract for the boilers and the work, is in the city, making arrangements to start on the work as soon as the boilers arrive. Mr. Hines of the company is expected to be here Friday, so as to make plans for the new pumps to be installed at the plant.

### SUES TOM WORKMAN.

**William Wallace Asks For $860 Expenses in Making New Loan.**

A suit for $860 to be tried in the September term of circuit court was filed with Circuit Clerk Rathbun Thursday morning by Cook, Cummins & Dawson, attorneys for William Wallace, the plaintiff. Thomas Workman is the defendant in the case, and, according to the petition, the defendant made many requests of the plaintiff to pay off a $15,000 note before it was due, saying that he was hard up and needed the money. The petition states that the plaintiff paid off the loan before it was due, and was at an expense of $860 in making a new loan.

### 105 AT 2 O'CLOCK.

**Today is a Hot Day and Temperature Will Probably Again Go Up to 108.**

At 2 o'clock this afternoon the government thermometer registered 105, and the chances are that the 108 mark will be reached before the afternoon is over. The day is very hot and the winds are hot. No rain is yet in sight, according to the forecast, and unless rain comes soon the corn crop will be greatly damaged.

**State Examinations at Normal.**

G. H. Reavis, state high school inspector, is here from Jefferson City today, conducting the state teachers' examinations at the Normal.

**Operated On at St. Francis.**

Mrs. J. A. Murphy was taken to St. Francis hospital Wednesday night and operated on for gall stones and appendicitis.

**Picnic Opened Today.**

The Barnard picnic opened today with big crowds. The indications are that it will be the best picnic, especially in regard to attendance, ever held there. A ball game, music, speaking, plenty to eat and drink and a general good time are keeping the picnickers busy.

**Called by Sister's Illness.**

Miss Anna Sillers of Fairfax, who has been attending the State Normal, was called to Hoxie, Kan., Wednesday evening by the illness of her sister, Mrs. A. N. Barker.

Philip Colbert and Vern Pickens went to Clarinda, Ia., this morning to spend the week as the guests of Miss Dorris Richardson.

Francis Hunt, Jr., went to Barnard Wednesday evening to visit Mrs. G. H. Hargraves and family.

Miss Ina Hollowell returned Tuesday from a month's visit with Miss Blanche Barley of Washington, Kan.

Mr. and Mrs. Mike McGettigan and Mr. and Mrs. Jim Huls of near Clearmont were in the city Wednesday.

Mrs. Ed Brown of Hopkins was shopping in Maryville Thursday.

### SHELLENBARGAR HERE.

**Former Governor of Nebraska Visited in Maryville While On His Way to Stanberry.**

Ex-Governor A. C. Shellenbargar of Alma, Neb., spent Wednesday night in Maryville as the guest of C. D. Bellows. Mr. Shellenbargar had delivered an address at the Albany Chautauqua on Wednesday afternoon and decided to come to Maryville to visit with Mr. Bellows, whom he has known for some time.

Mr. Shellenbargar addressed the Chautauqua at Stanberry this, Thursday, afternoon, and a party composed of Harold Bellows, C. D. Bellows, Mrs. George P. Bellows, Mrs. J. G. Honnold and Mary Josephine Honnold of Chicago accompanied the ex-governor to that place in the Bellows car.

### WILL TEACH TELEGRAPHY.

**Maryville Business College Again Offers Popular Course to Its Patrons.**

With the opening of the new school year, on September 2, Mr. C. H. McReynolds, for six or seven years an operator with the Wabash, Burlington and Great Western railroads, will become a member of the Business college faculty, and the click of the telegraph will mingle with the click of the typewriter. The college formerly taught telegraphy, and scores of her students went immediately into splendid positions. Lester Sipes, with the Burlington, and Otho Robey, with the Wabash, both attended the school, as did several of the operators and agents in Northwest Missouri. Mr. McReynolds is expected to arrive in the city next week.

C. H. M'REYNOLDS.

### JUVENILE COURT LAW.

**State Board of Charities and Corrections Interested in the New Law.**

A most important step in the process of establishing juvenile courts in all the counties of the state was taken Wednesday at Columbia by the state board of charities and corrections, which has mailed to various probate judges of the state extensive information blanks covering the qualifications of probation officers appointed by them as judges of juvenile courts. This information is being collected as a result of action taken at a meeting of the board July 31. It has been decided to base the approval or rejection of appointments of probation officers, which is provided for under the new law, upon this information and upon the attitude of local communities as indicated by endorsement or protest. This method is made necessary since funds are not available for personal investigation of the fitness of applicants.

The board has expressed its hearty sympathy with the new juvenile court law and intends to perform its duties under the law regardless of action which may be taken to test the constitutionality of the measure. A third of the counties of the state have already organized juvenile courts and reported appointments of probation officers and some of the new juvenile courts have discovered unusual conditions of delinquency and neglect among children in their communities. Should the law be found constitutional and be put in operation in all counties, Missouri will have one of the leading juvenile court systems of the United States, and even of the world. Approximately 4,155 cases of neglect and delinquency were handled by the six juvenile courts already in existence in the state last year, and it is expected that the work of the rural courts will compare favorably with that of the larger centers.

Mr. and Mrs. B. F. Dougan and daughter went to Excelsior Springs Thursday morning to spend two or three weeks.

Mrs. W. A. Swinford and daughter and Miss Edith Felker of Guilford spent Wednesday in Maryville.

**John Bunny tonight. Fern.**

## HAS BIGGEST HOG

NODAWAY COUNTY HAS ANOTHER FEATHER IN HER CAP.

## HE IS A WONDER'S EQUAL

**Two-Year-Old Poland-China of W. W. Oliver, Near Guilford, at Sunnyside Farm—Weighs 700.**

The biggest hog in the state of Missouri or in the corn belt lives in Nodaway county.

He is "A Wonder's Equal," at Sunnyside Farm, six miles southeast of Guilford, of which W. W. Oliver is owner and proprietor. Mr. Oliver is a very successful Poland-China fancier, as his raising of A Wonder's Equal attests. This hog was bred by Henry Kessenmeyer of Clarinda, Ia., the owner of the great hog, A Wonder. Those who have seen A Wonder's Equal at Sunnyside Farm say he is the equal of A Wonder and then a good deal more, because he is going to make a much better hog, it is thought.

He weighs 700 pounds, is 89 inches long, and is 39½ inches high, 5 inches higher than the ordinary kerosene barrel. The small part of his leg is 17 inches in circumference.

A Wonder's Equal is decidedly good natured and friendly. He has taken it himself a tiny friend in the way of the pet dog of the Oliver family. The dog is just a common little "fiste," named Penny. In some way he and A Wonder's Equal have become the best of friends. Penny goes out in the hog lot whenever he wants to, jumps onto the high, broad back of his friend, and rides all around without fear of hindrance from the other hogs. He enjoys the ride very much and indulges himself to his heart's content.

### WILL WIDEN ROAD.

**At Least, a Survey Will Be Made Near Burlington Junction—Other Court News.**

The county court instructed County Highway Engineer Clary to make a survey of the proposed widening of the part of the public road west of Burlington Junction, near the Walter farm. He is to make his report at the next term. There is a rough angle turn at the Walter farm which needs to be widened and put in safer condition.

The court appointed J. B. Thompson justice of the peace of Hopkins township, and made its semi-annual settlement with County Treasurer Tilson.

James D. King was also appointed as justice of the peace of Hopkins township by the court.

**Mr. Garver Will Speak Here.**

W. L. Garver, national organizer of the Socialist party, will speak in Maryville this evening in the court house yard.

**To Teach at Unity School.**

Miss Bess Carmichael has been engaged to teach at the Unity school, three miles east of Hopkins, the coming school year.

**Illinois Visitor Leaves.**

Warren Egger of Pekin, Ill., who has been visiting Mrs. John White, northwest of Maryville, left for his home Thursday.

**Bass Hits.**

"What have you in the very latest song hits?" asked the girl, as she bowed to the clerk in the music store.

"Well," replied the clerk, "we have 'On the Smoke Kissed Hills of Pittsburgh, Near a Whale of a Pennsylvania Mine,' 'In the Streets of Lowell, Massachusetts,' 'On the Road to Nashua, New Hampshire,' 'By the Glorious Hill Tops of Cincinnati, as Far Away as You Can Get From Cleveland in Ohio,' 'Neath the Orange Blossomed Trees of Los Angeles, Three Thousand Miles From Portland, Maine,' 'By the——.'"

"I didn't ask you if you were a train announcer," interrupted the young woman. "I came in here to purchase some of the newest popular songs."

"Well," replied the clerk, "them's them."—Cincinnati Inquirer.

**You Are the State!**

There is a tendency nowadays to regard the government as a sort of big person, with his home in Washington or in one of the state capitals.

When something needs to be done we say:

"Oh, let the government do it."

In some ways the tendency is a good one, for the government represents us all. But look at the matter from another viewpoint—

What is the government, after all, but the combined personalities of all of us? If we cannot or will not help ourselves, how can the government do it for us?

In the process of transmitting our personal force to bear on the things that need to be done some power is lost, as some of the electrical current disappears between the place of generation and the points of use.

The thought is suggested by the complaint of a man writing to his farm paper:

"If the state and government won't protect its citizens from the horde of rascals, sharks and leeches, what is the use of an individual attempting it."

Shame on you, neighbor! Have you lost your good old American heritage of independence?

There was a king of France once who said:

"I am the state!"

He meant that beyond him there was no government; in him lay embodied all power.

If every American were to say and feel, as did Louis XIV, "I am the state!" we should soon do away with many of the evils which afflict us.

We should not need to have poured in us and about us and around us and all over us the flood of laws, state and national, which is threatening to submerge the nation.

We should get along with fewer laws and more lawfulness.

We should learn to think for ourselves more than most of us do now. We should learn to take a more intelligent and active interest in our self-government. We should not lean on the lawmakers as we do and leave the government to the professional politicians.

In the older days of the republic men were less prone to rely on their representatives. They depended on themselves. They gathered in village and town meeting and city council to discuss their affairs.

The meeting and council are no longer possible, thanks to the growth of our immense cities.

But the spirit which actuated them needs reviving.—James A. Edgerton.

**Maryville Druggist Deserves Praise**

W. Jones, druggist, deserves praise from Maryville people for introducing here the simple buckthorn bark and glycerine mixture, known as Adler-i-ka. This simple German remedy first became famous by curing appendicitis and it has now been discovered that JUST A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. It's quick action is a big surprise to people. Druggist Shuff at Pickering reports great success there.—Advertisement.

## *News of Society and Womens' Clubs*

**The Mothers' Circle.**

The Mothers' Circle will meet in the basement of the library Friday afternoon.

**Gone to Estes Park.**

Miss Donna Sisson left Thursday evening for Estes Park, Col., to join Paul Sisson, who went there several days ago.

**Guest From Ohio.**

Mr. W. P. Dukes of Findlay, O., arrived in the city Wednesday night and is a guest at the home of his sister, Mrs. G. DeLana.

**On Visit to Grandparents.**

Miss Karle Parker, living south of Maryville, went to Pickering Wednesday on a vacation visit to Mr. and Mrs. H. T. Wray.

**Visited Friend in Bedford.**

Miss Eunice Wright spent Wednesday afternoon in Bedford with Miss Viva Cloud of Maryville, who is stenographer for Attorney Frank L. Wisdom.

**On Visit to Platte County.**

Mrs. Frank Hall and Miss Wilma Hall, living west of Maryville, went to Camden Point Thursday for a visit with Mr. and Mrs. T. M. Baughman. They will also visit relatives at Dearborn and other points in Platte county.

**To Excelsior Springs.**

Miss Eila Roney went to Excelsior Springs Thursday morning, where she will join a party of Kansas City friends for a three weeks' stay.

**Returned to Brookfield.**

Mrs. Walter Harris and children of Brookfield, who have been guests of Mr. Funk and family for a week, left for their home Thursday morning.

**On Vacation Trip.**

Miss Harriet Day of the State Normal faculty left Thursday on a vacation visit. She will visit friends in Knoxville, Ia., and Chicago, and home folks at Indianapolis, Ind.

**Hum Drums in Business Session.**

The girls of the Hum Drum club held an earnest business meeting Wednesday afternoon at the home of Miss Martha Koch. The club is planning several activities for the near future.

**On Trip to Manitou.**

Miss Beatrix Winn of St. Joseph, teacher of English at the State Normal, went to her home Wednesday evening. She will leave Friday for Manitou, Col., to spend a month at her cottage.

**To Minnesota.**

Mr. V. H. McMurtry, living southeast of Maryville, started Tuesday morning for Crookston, Minn., where he will visit his sister, Mrs. S. E. Clark, and family. From there he will go to Harlowton, Mont., to visit his brother, E. G. McMurtry, and wife.

**On Trip to Michigan.**

Mrs. Alice Perrin, the mistress of Perrin Hall, and Mrs. Lottie Oman left Thursday noon for a visit at Vicksburg, Mich., their girlhood home. They will also visit relatives at Battle Creek and Three Rivers, and will be away two weeks.

**Visitor From Kansas City.**

Mrs. H. O. Porter of Kansas City arrived Wednesday on a visit to her parents, Mr. and Mrs. H. C. Smith of West Cooper street.

Mrs. Porter will visit while her husband is in Enid, Okla., on a business trip.

**I X L Club Meeting.**

Mrs. I. W. Nixon entertained the members of the I X L Embroidery club Wednesday afternoon and was assisted in entertaining and serving during the social hour by Misses Blanche, Lena, Selma and Myrtle Nixon. Two new members were added during the business session, Mrs. S. H. Kemp and Mrs. U. I. Wilson. There was one guest, Miss Ruth Reynolds of Chicago, who was a visitor at the Nixon home.

**On Few Weeks' Visit.**

Miss Mattie Hall, living west of Maryville, went to Nevada Thursday morning to visit the family of her uncle, P. V. Twyman. She will spend a while at Eldorado Springs before her return. Miss Hall has not yet recovered from the accident she met with three weeks ago when the horse and buggy with which she was driving in company with Miss Ella O'Grady collided with an automobile. Miss O'Grady is still on crutches from a sprained ankle.

**Picnicked at Bridgewater.**

A party of young people motored to Bridgewater Wednesday evening for a picnic supper. They left about 5 o'clock and returned after dark. Those in the party were Misses Vesta Morris, Minerva Ward, Helen Hutt, Nancy Lee Maxwell, Ruth Ingman of Pueblo, Col.; Fred Vandersloot, Frank Miller, Floyd Miller, Clun Price, Ross Scott and John Mutz. Misses Morris, Ward, Hutt, Maxwell and Mossbarger have been attending the summer session of the Normal, and they left this morning for their homes.

**For Mrs. Cornelius.**

Mrs. John Murrin entertained the Penelope club Wednesday afternoon, complimentary to her bride-daughter, Mrs. Ralph G. Cornelius of Des Moines. The honor guest was presented a set of solid silver teaspoons by the club, of which she was a member for a year or so before her marriage. The club spent a delightful afternoon and the hostess served luncheon. Nearly all the members were present and the guests were Mrs. Cornelius, Mrs. E. J. Hoge of Caldwell, O., the guest of Mrs. R. S. Braniger; Mrs. Harry Peterson of San Antonio, Texas, the guest of Mrs. O. L. Holmes; Mrs. W. H. Allen and Mrs. John Dawson.

**Picnic Party on the Platte.**

A party of five young ladies of Clyde enjoyed an all-day picnic Tuesday on Platte river. They went to Conception on the local from Clyde, and from Conception to the shaded place on Platte river early in the morning. They spent most of the time wading, taking kodak pictures and lunching. They returned to Clyde in the evening in a car. Those in the party were Miss Bessie Graham, Miss Elizabeth Simonleg, Miss Mary Stowell, Miss May McGarry and Miss Jessie Boyd. The picnickers were guests of Miss Jessie Boyd at a slumber party Wednesday night, with the addition of Miss Mary Coffey.

**Linwood Clark Married.**

Maryville friends received announcement Thursday morning of the marriage of Linwood Clark of Shenandoah, Ia., and Miss Florence Benefield, daughter of Mr. and Mrs. J. S. Benefield of Clarinda, Ia. The ceremony took place Monday afternoon, August 4, at 1 o'clock, in the parlors of the Christian church of Clarinda, and was performed by the pastor, Rev. Eppard. Mr. Clark is a clerk in the Delmonico hotel at Shenandoah, and before going there was clerk in the Linville hotel of this city. He is the son of Mrs. Zoe Updegraff Clark of Kansas City, formerly of Maryville. The bride is employed in the telephone office at Shenandoah and will retain her position.

**Wednesday Evening Dinner.**

Mr. and Mrs. John Shonley entertained at 6 o'clock dinner Wednesday evening, complimentary to Mr. Shonley's sister, Sister Edward of Yankton, S. D., and his brother, Will Shonley, and Mrs. Shonley of Red Oak, Ia., who have been here visiting. The other guests included Misses Katherine and Teresa Shonley and Miss Katherine Zech. This same company, including the hostess and their sons, were entertained Monday and Tuesday at Pleasant View Farm, east of Maryville, the home of Mr. and Mrs. Andrew Zech. The Red Oak visitors left for their home Thursday morning, accompanied by Misses Katherine and Teresa Shonley, who will visit them several days. The young ladies will stop at Tarkio on their way home for a several weeks' visit with Misses Blanche and Louella Thompson.

**Left For Texas.**

Professor and Mrs. Victor I. Moore and children left Thursday for their new home at Arlington, Texas, stopping for a day in St. Joseph with Mr. and Mrs. L. C. Gabbert. As has been announced before, Professor Moore will be associated with Professor H. K. Taylor, former president of the Northwest Normal, and Professor J. J. Godbey, who married Miss Emma Lee Taylor, in the conduct of Carlisle Military academy at Arlington, which they purchased several months ago. The departure of Professor Moore and his family is a matter of sincere regret among our people, as they have have filled in full measure, pressed down and running over, their place in the church, social, educational and business life of our city, and they bear with them the best wishes of all for continued health, happiness and prosperity.

**Left For Indiana.**

Professor J. A. Lesh of the Northwest Normal and Miss Amber Leone Nabring left Wednesday night for Miss Nabring's home in Muncie, Ind., where they will join Mrs. Lesh, who left two weeks ago on her vacation visit. Miss Nabring remained to finish her work at the Northwest Normal. Professor and Mrs. Lesh will visit his relatives in Pennsylvania before their return.

**Postponed Its Meeting.**

The King's Daughters of the First Methodist church has postponed its meeting for Thursday evening with Miss Florence Anderson indefinitely.

**Returned to Chicago.**

Miss Ruth Reynolds of Chicago, who has been the guest of Miss Myrtle Nixon the past ten days, left for her home Thursday.

**Carried It Too Far.**

Every man likes to pretend to know something about farming, but this fellow carried it too far, says a farm exchange.

Said he to his seatmate:

"Did you raise a good crop of wheat?"

"Fine."

"Oats do well?"

"Never better."

"Corn crop satisfactory?"

He should have stopped there, but he didn't. The next question gave him away.

"Do you plant much succotash?"

You can't do better than patronize our job office.

**WANTED**

Two good cooks, male or female, for Chautauqua week. At once. Call at Binter's Cafe.

No Furnace Ever Built Has Met With Such Universal Praise the Country Over Because the

XXTH CENTURY FURNACE

FIREPOT HAS SPECIAL FEATURES—It is built on an exclusive patent that gives a free circulation of air at all times and preserves the firepot.

BURNS ALL KINDS OF FUEL—Especially slack and cheap grades of soft coal with perfect results, as well as hard coal, gas and coke.

BURNS THE FUEL IN A CIRCLE—Around the outer edge and toward the center with perfect combustion, giving the greatest heat from the least fuel.

WITH ITS PATENT REGULATOR—Holds the fire, even with soft coal, for 48 hours and saves the vexing labor re-kindling the fire.

CONSUMES NEARLY ALL THE GASES AND SMOKE—Saving about half the fuel. In most furnaces they escape through the chimney, being a fuel waste.

AVOIDS PUFFING GAS OR SOOT—Even in burning soft coal, thus keeping the house entirely free from gas and soot particles.

HAS THE IMPROVED DROP FRONT GRATE—Making it the simplest and easiest cleaned of any furnace made. The entire grate is easily removed.

Before buying call at South Side Hardware and see the XXth Century.

## .22 RIFLES

**The Little Rifles—Big in Quality**

YOU are going to buy a .22 calibre rifle, single shot or repeater—you'll find that many well known crack shots started with a Remington-UMC .22. Their advice now would be "By all means, get a Remington-UMC" because they know that there is a tendency in some quarters to look upon these models as only "a small boy's rifle" and to cheapen them so that they can be sold at a price.

You have just as much right to expect full shooting value in your .22 calibre arm as in your $75 big game rifle.

You want the Remington-UMC single shot at from $3 to $6, .22, .25-10 or .32 calibre, made by the same people who make the famous Remington-UMC Autoloading Rifles.

Or, if you prefer the repeating rifle, the Remington-UMC slide action .22 repeater with its easy take-down and special safety features, shooting .22 short, .22 long or .22 long rifle cartridges, at $10 and up, is your arm. Sold by live dealers of this community—the most popular small calibre rifles in America.

# PEACE AGAIN IN BALKANS

## Preliminary Treaty is Signed by Delegates.

## DISAPPOINTMENT TO BULGARS

**President of Conference Threatens, Unless Frontier Is Accepted, Sofia Would Be Occupied by Rumania Saturday—Rejoicing at Bucharest.**

Bucharest, Aug. 7.—Peace was concluded between the Balkan states and the preliminary treaty was signed by the delegates of Servia, Greece, Montenegro, Rumania [illegible] agreement was arrived at only after another exhibition of the utter helplessness of enemies.

The discussions in the peace conference threatened to become interminable, but M. Majoresco, the Rumanian premier and president of the conference, clinched matters by threatening that unless Bulgaria accepted the modified frontier proposed by the allies Rumania's army would occupy Sofia next Saturday. This threat had the desired effect and an agreement was arrived at after numerous private consultations between the delegates and a four hours' sitting of the conference.

The new frontier as agreed to starts at a point on the old frontier west of the Struma river, follows the watershed to the west of the town of Strumnitza, thence runs almost through the Struma valley to the Belesh mountains and thence easterly in almost a straight line to the Mesta river, thus leaving the town of Strumnitz, the port of Lagos and Kanthi to Bulgaria and the port of Kaval to Greece. The new frontier is a deep disappointment to the Bulgarians, who still nurse hopes for its eventual revision by the powers.

It is believed that an agreement for the demobilization of the various armies will be signed. The news that peace had been arranged caused great rejoicing here.

## LIVELY DEBATE IN SENATE

**Democrats Reply to Lippett's Attack on Tariff Bill.**

Washington, Aug. 7.—Senator Lippitt (R. I.) aroused Democratic leaders of the senate to spirited replies when, discussing the cotton schedule, he charged that it discriminated against New England in favor of the south and that it was prepared haphazardly.

Senator Smith (Ga.) vehemently denied the charge of sectionalism, declaring that the appeal of southern manufactures for increases were unheeded by the finance committee. He called attention to the fact that the subcommittee which considered the cotton schedule was composed of Senator Johnson (Me.), Senator Hughes (N. J.) and himself. Senator Stone (Mo.), referring to Senator Lippitt as a cotton manufacture, remarked that the time had passed when representatives of the interests could write the tariff laws.

## REBELS FIGHT AMONG SELVES

**Southerners Have Desperate Battle All Their Own.**

Shanghai, Aug. 7.—A desperate fight among the rebels themselves occurred at the Wusang forts. The famous rebel regiment called "Dare to Die," whose commander, Lufu Piao, was suspected of having plotted to capture the fortifications by stealth from the revolutionists in order to sell them to the government, attacked the forts. The forts opened fire upon the attackers and simultaneously the northern troops executed a flanking movement, opening a fire which literally mowed down the "Dare to Dies."

## STRIKERS STORM CAPITOL

**Two Hundred Men From Foss Plants March to State House.**

Boston, Aug. 7.—Two hundred strikers from two Hyde Park manufacturing plants, controlled by Governor Eugene Foss, stormed the state house, demanding an immediate hearing of their grievances by the state board of arbitration. Chairman Hoyland refused to receive the party.

The strikers then appealed to Governor Foss, insisting that he order a state board to receive the petitioners at once. The governor replied that he had no authority in the matter.

**May Die From Aeroplane Flight.**

Omaha, Aug. 7.—Henri de la Roche, expert mechanician, employed by the fire department and former chauffeur for the king of Greece, will probably die in Clarkson hospital from injuries received when he lost control of an aeroplane thirty feet in the air on the West Center street road, and was crushed beneath it when it fell. To a handful of spectators, who urged him to make the flight against his own judgment, and who taunted him, is laid the blame for the tragedy.

**Kautz Ends Life by Swallowing Poison**

Beatrice, Neb., Aug. 7.—John Kautz of Tarkio, Mo., committed suicide in the women's department of the city jail by taking carbolic acid. Mr. Kautz was stopping at the Beatrice hotel and as he acted strangely he was taken to the police station.

An automobile in which were Mr. and Mrs. William (Nathalie Collins) Laimbeer, S. Osgood Pell and a chauffeur was struck by a train at Long Beach, N. Y. Mr Pell and the chauffeur were instantly killed. Mr. Laimbeer received injuries from which he soon died, and Mrs. Laimbeer was terribly hurt. Both her arms and one leg were broken.

## LIND WILL BE PERSONA NON GRATA

**His Expulsion From Mexico is Declared Possible.**

Mexico City, Aug. 7.—John Lind, special representative of President Wilson of the United States, now on his way to Mexico, will be persona non grata to this government unless he brings credentials in due form, "together with recognition of the government of Mexico," according to an official statement issued.

Manuel Garza Aldape, the minister of public instruction, who is acting as minister of foreign affairs, issued the following statement:

"By order of the president of the republic I declare as minister of foreign affairs ad interim that if Mr. Lind does not bring credentials in due form, together with recognition of the government of Mexico, his presence in this country will not be desirable."

Increased antagonism has been aroused among Mexicans toward President Wilson's plan for the pacification of the republic by the latest news from Washington that the object of John Lind's visit here as the personal representative of President Wilson is to consult with prominent Mexicans and advise them that the only basis on which Mexico will be recognized by the United States is the elimination of President Huerta.

It was pointed out by a prominent Mexican that the government would be justified in characterizing him as one who was inciting Mexicans along lines of sedition and in applying the pernicious foreign expulsion clause of the constitution.

## GRAIN AND PROVISIONS

**Closing Quotations on the Chicago Board of Trade.**

Chicago, Aug. 7.—Blistering winds and no rain in Kansas and Missouri finally sent corn on a decidedly upward course, after a series of violent swings. The market closed firm, 1¼c to 1¼@1⅜c net higher. Closing prices:

Wheat—Sept., 86⅝@⅞c; Dec., 90?⅛c.
Corn—Sept., 70⅝c; Dec., 67⅛c.
Oats—Sept., 41⅞@42c; Dec., 44¼c.
Pork—Sept., $20.65; Jan., $19.20.
Lard—Sept., $11.42½; Oct., $11.50.
Ribs—Sept., $11.20; Oct., $11.20.

Chicago Cash Prices—No. 2 hard wheat, new, 86¼@86⅝c; No. 2 corn, 69¾@70¼c; No. 2 oats, new, 39c.

John Bunny tonight. Fern.

Misses Azetta and Katherine Ordnung of Savannah, who have been attending the summer term of the State Normal, returned home Thursday morning.

Miss Laura Luchsinger of Hemple, Mo., who has been attending the State Normal, left for her home Wednesday evening. Miss Luchsinger will teach near Lebanon, Kan., the coming year.

# Next Saturday

# Opening Day

*This first day will bring one of the strongest days program of the entire assembly.*

## Lou J. Beauchamp

Undoubtedly the most popular Chautauqua Speaker on the platform today. His lectures are sparkling in wit and humor and full of great truths that make you think. Don't think of missing this lecture.

## Ewings Zouave Band

This band has toured the country from the Atlantic to the Pacific, appearing on the programs of the biggest Chautauquas in America, including the great Mother Chautauqua at Chautauqua, New York. They will give a Prelude Concert at 1:30 and Zouave Drills at 4:30. At night they will give an entire program. They will rank with any other bands appearing on the Chautauquas in this part of the country.

## The Big Tent is Up

And everything will be ready for the opening on next Saturday.

**Good Restaurant and Dining Tent on the Grounds**

**Ample Provision made for Teams and Automobiles**

## Admission for Opening Day

All day for 35c. — Night program 25c

**The Real You.**

From time to time, in allusion to some presumably great man, the description is offered that he is "a many-sided man," that they flash in many directions like the facets of a diamond. Now and then we hear of some ordinary man who has a double personality, says the Indianapolis News. At some time he is one person, at another time quite a different person. It may be that such a one is very clever and agreeable away from home and quite the reverse at his own fireside. It is more rare to have any exploitation of the woman of the double personality. But here is such a case reported in a London court. An English woman married March 1 a Hindoo barrister practicing in London. She now accuses her swarthy lord of assaulting her and tying her up in a sheet. Her own letters to the husband prevented the winning of her suit. In one letter she sends him "kiss." In another she writes: "Oh, am longing to see you. Do come to me, dearest. Your loving Rubky." To this Rubaiyat, the dark man, answered: "Which is the real you? You who promised to make this life a paradise for me, or you who told me to go to hell."

# PROBING SULZER CAMPAIGN FUND

## Sworn Statement and Bank Books Are at Wide Variance.

## DISCREPANCY IN CASH ACCOUNT

**Five Thousand More Paid Than Shown by Affidavits — Witnesses Before Committee Refuse to Answer Questions—More Contributors Named.**

New York, Aug. 7.—Contributions to Governor Sulzer's campaign fund under the fire of a legislative investigating committee were at least $5,000 more than his sworn statement reported them to be, according to testimony of bank officials and others at the resumption of the committee hearings.

Counsel for the committee sought to show that the governor had purchased 200 shares of railroad stock Oct. 22, 1912, paying cash for them, and to establish connection between this transaction and the contributions he failed to include in his sworn statement. Witnesses met such inquiries with refusals to answer. Senator Frawley, chairman of the committee, was of the opinion that the testimony showed that the governor had bought the stock. Eugene L. Richards, counsel for the committee, thought otherwise.

The contributions alleged to have been made to the governor's campaign fund, but not mentioned in his statement were as follows:

William F. McCombs, chairman of the Democratic national committee, $500; Henry Morgenthau, treasurer of the Democratic national committee, $1,000; John Lynn of New York, $500; Jacob H. Schiff, $2,500; Abram I. Elkus, $500.

## LIEUT. COL. R. P. DAVIS.

Commander Long Island Coast Defenses In War Game Now Being Played.

Photo by American Press Association.

One of the principal measures of defense to prevent the capture of New York city by a hostile fleet would be the planting of mines in the several water approaches to the city. In the present maneuvers the placing of mines has been under the direction of Colonel Davis, who directs his defense operations from his headquarters in Fort H. G. Wright, on Fishers island, at the eastern gate to Long Island sound.

## A HAPPY FAMILY ?

Yes, and so will yours be if you make home pleasant for them. One way to do this is to keep on hand a case of our bottled soda. Phone us your order, we'll do the rest.

## MRS. McGILL BROKE DOWN

### Gives the Real Facts In Regard to Her Case and Tells How She Suffered.

Jonesboro, Ark.—"I suffered a complete break down in health, some time ago," writes Mrs. A. McGill, from this place. "I was very weak and could not do any work. I tried different remedies, but they did me no good.

One day, I got a bottle of Cardui. It did me so much good, I was surprised, and took some more.

Before I took Cardui, I had headache and backache, and sometimes I would cry for hours. Now I am over all that, and can do all kinds of housework. I think it is the greatest medicine on earth."

In the past fifty years, thousands of ladies have written, like Mrs. McGill, to tell of the benefit received from Cardui.

Such testimony, from earnest women, surely indicates the great value of this tonic remedy, for diseases peculiar to women. Are you a sufferer? Yes? Cardui is the medicine you need. We urge you to try it.

N. B.—*Write to:* Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for *Special Instructions*, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

**One-Eyed and Lipless.**

Nodaway county is doing its best this summer to furnish the dime museums and sideshows with freaks. The latest specimen is a calf born on the farm of Ed Pierson, six miles southwest of Hopkins. This calf is one-eyed, has only one nostril and is minus an under lip. The calf is unable to feed itself and is such a care that Mr. Pierson is trying to dispose of it to some one who wants it for an exhibit.

Miss Florence Gilbert of Burlington Junction and Miss Opal Hilsabeck of Orrsburg arrived Wednesday and are guests of Mr. and Mrs. John Green.

## MEDICAL CONGRESS OPENS

**Suffragettes Are Kept Out of Albert Hall in London.**

London, Aug. 7.—The International Medical congress was opened by Prince Arthur of Connaught, as the representative of King George, in the Albert hall, in the presence of an audience of 10,000.

Prince Arthur and Sir Edward Grey, secretary of state for foreign affairs, sat on the platform beside the president of the congress, Sir Thomas Barlow, president of the Royal College of Physicians, physician extraordinary to King George.

The credentials of every person in the audience were rigorously scrutinized before entry could be obtained. This precaution was taken to keep out suffragettes, several of whom attempted to enter.

Headed by an American delegate, Professor Sidney Thayer of Johns Hopkins university, the delegates of the various governments advanced in turn while an organist played a few bars of their respective national anthems. The delegates made short replies to and shook hands with Prince Arthur of Connaught and Sir Thomas Barlow. As each foreign representative spoke in his native tongue the variety of languages was as bewildering as that at the tower of Babel.

The representatives of the United States outnumber those of any other nation except England.

**Telephone Strike Is on Once More.**

St. Louis, Aug. 7.—The strike of girl operators and maintenance men against the Southwestern Telegraph and Telephone company, which was announced as settled, practically was renewed.

## CONDENSED NEWS

Johnny Bryant, an aviator, was killed when his aeroplane fell while he was making a flight as an attraction of the Victoria water carnival.

Prominent officials of President Wilson's administration, probably some cabinet officers, will take part in the approaching gubernatorial campaign in Massachusetts.

Secretary of the Interior Lane visited the big falls of the Missouri river and the big dam being constructed by the Montana Power company, near Great Falls, Mont.

Stupefying fumes of an explosive overcame sixteen men, killing one and causing a panic among 400 others in the Catskill aqueduct, 700 feet under the streets of downtown New York.

Practically all the supreme officers of the Knights of Columbus were re-elected at the annual convention at Boston. James A. Flaherty of Philadelphia was elected supreme knight.

Application was made in the district court at Grand Rapids for appointment of a receiver for the Michigan Buggy company of Kalamazoo. About $1,600,000 is involved. The company made the Michigan "40" automobile.

The senate re-referred the nomination of Thomas Fox as postmaster at Sacramento to the postoffice committee. Fox was confirmed in executive session, but Senator Works protested and on motion of Senator Lea the confirmation was withdrawn.

With the arrival in Lexington, Ky., of Sherman Lewis, deputy United States marshal, news of a battle between revenue men and moonshiners became known. The fight took place in the mountains of Morgan county and Morgan Kidd was killed, while his brother, John Kidd, was fatally injured. They were defending an illicit still.

**Flora Finch tonight. Fern.**

Miss Gladys Beck of St. Joseph, who has been visiting Mr. and Mrs. Curtis Nichols, returned home Thursday morning.

**John Bunny tonight. Fern.**

Mrs. Ed Wiley of Pickering returned home Wednesday from a two days' visit with her sister, Mrs. Raymond Shroyer.

## N. A. M. KEPT TAB ON CONGRESSMEN

### Emery Tells of Political Activities of Association.

Washington, Aug. 7.—How the National Association of Manufacturers "prodded" members of congress to support legislation the association favored and opposed those who threatened its interests was explained to the house committee by James E. Emery, general counsel for the association. Emery was the principal witness of the day before the lobby investigation on both sides of the capitol.

Discussing the political activities of the association, Emery said that the body itself did not engineer congressional campaigns. The association kept track of the records of congressmen, he added, and when the time for their re-election came, notified its members in the individual districts and the campaign work was done by the local members.
